

## **Question Everything**

### **The Power of Asking Questions**

Asking questions is an essential part of successful leadership. As busy professionals, it's easy to come up with short-term answers to immediate problems, but if you focus on asking questions that speak to sustainable visions and goals, and questions that reveal assumptions and lack of clarity, you can shape the future and avoid disaster. Diane's interactive keynote engages participants in the art and science asking questions.

#### **Target Audiences:**

- Corporate Leaders
- Business Owners
- Managers
- Professionals

#### **Top Takeaways:**

- Why asking questions is critical
- What questions can uncover
- How to ask questions for greater innovation and collaboration
